

Minutes of the Group Meeting

NL1C Project

Friday 11 April 2025

Chair Emmanuel Philipose Antony

Secretary Emmanuel Philipose Antony

Team Members Silin Ren, Daming Chen, Emmanuel Philipose Antony, Weian Liu, Zixuan Li.

1 Time and Place

The group meeting for the NL1C Project (Sprint2-Week2) was held **online** via Teams at **7:00 pm on Friday 11 April 2025**.

2 Quorum Announcement

The Chair announced that a quorum of the group was present, and the meeting was convened officially. Apologies: Daming Chen.

3 Summary of Previous Meeting

Emmanuel briefly reviewed the previous group meeting and client meeting held on 07 April 2025 and 08 April 2025 respectively, highlighted the feedback that Dr. Li mentioned during Development Progress review in the client meeting. Dr. Li mentioned the standardisation of the front-end branch to adhere to industry standards but have to check how the dependencies work when it's in Next.js. Dr. Li also pointed out lookup tables for genre data returned by movie API. Dr. Li also mentioned the need to continue development through the mid-semester break to continue progress as per milestone defined.

4 Presentation

4.1 Back-End Progress

- Silin showcased the progress that she was able to achieve with the data extraction using Movie Database API and allocating the data to the MongoDB database outside of university network which failed during client meeting held on 08 April 2025 due to firewall restrictions.

5 Requirements Elicitation

Coordinated the preparations for development continuation during the Mid-semester break weeks. Additionally highlighted the Project Management W2-W6 evaluation requirement on the upcoming Sunday with dependencies on documents, timesheets and project board.

5.1 Tasks

- The project management in Github needs to be ready for showcasing to Dr. Li for Project Management W2-W6 assignment due at the end of the week.

5.2 Lists of Tasks to do

- Team members need to upload all timesheets till week 6.

- Team needs to update the project board to match user story and task split showcased in the Gantt Chart.
- Silin and Zixuan need to try matching the numbers returned for Genre with the Genre Lookup table to refine the data returned by TMDB API.
- Emmanuel and Daming needs to work on integrating Tailwind styling to Material UI components to unify it. Also, Weian needs to start learning Next JS to join Front-end team in the week starting on 21 April 2025.

8 Adjournment

The next group meeting will be held online via Teams **at 7:00 pm on Monday 14 April 2025.**

The meeting closed at 7:40 pm.
