None.

1 Time and Place

The client meeting for the NL1C Project (Sprint2-Week2) was held on
Tuesday 08 April 2025 at **1:00 PM in Ingkarni Wardli 5.33 Meeting Room.**

2 Quorum Announcement

A quorum of the group was present, and the meeting was convened officially after the chair announced the presence of all team members.

3 Summary of Previous Meeting

The team reviewed the prototype design with the client. The client gave valuable feedback on design changes required in the side panel, navbar and watchlist. Furthermore, the client stressed on the need for clear error and instruction messages for user authentication to be applied in the login and sign-up pages. The design changes were adjusted based on feedback received from client. Additionally, the client also gave feedback relevant to the business case document.

4 Requirements Elicitation
4.1 Development progress demonstration – Back-End

The back-end team demonstrated the successful movie data pull and movie data search functionalities implemented in the back-end. Client provided feedback on matching genre data to the genre lookup table to refine data allocation prior to saving in the database.

4.2 Development progress demonstration – Front-End

The front-end team successfully demonstrated the setup of routing to all pages and design of layout to different pages including the development of Navbar and Side Panel. Client gave comments on unifying the styling using Tailwind. Furthermore client suggested to research on updating the folder structure accommodating software development standard followed in the industry to ensure scalability.

4.3 Pitch Presentation Q and A

The client conducted Q and A on the pitch presentation with questions such as how to make the product available to customers, how to set this solution apart, etc. The team gave satisfactory answers such as collaboration with streaming platforms, the features of one platform for all features required for a movie enthusiast, etc.

4.4 Project progress during Mid-semester break

The client suggested project development to continue during the mid-semester break to ensure and continue the team's alignment with scheduled milestones as the team does till now.

5 Adjournment

The next meeting will be held in Ingkarni Wardli on Tuesday 29th April 2025 at 1:00 PM.

The meeting closed at 2:00 PM.

Notes:
- Development will continue during the mid-semester break.
- The team will provide progress updates in the next meeting.
